FISHING MORDIALLOC PIER

BREAM

Legend

Optimal Bream Spots

Bream are going to range the whole length of the pier zone.

However, most fisho's seem to have more success targeting the shaded zones.

CALAMARI (SQUID)

Legend

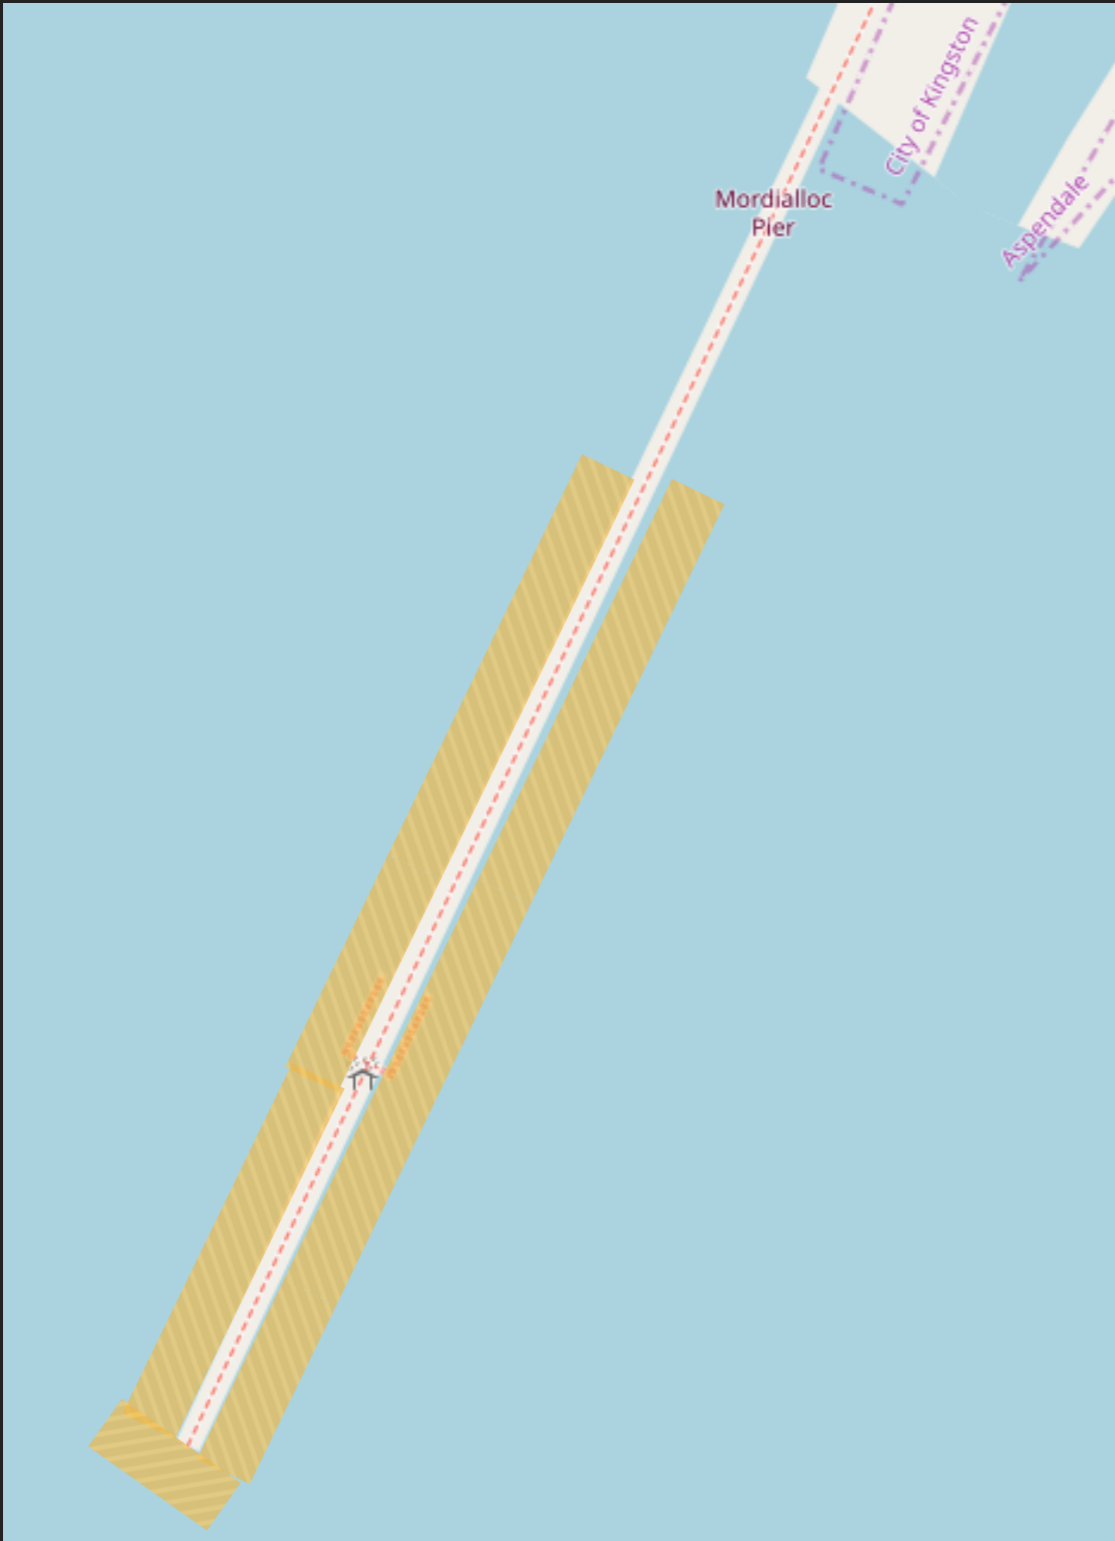

Optimal Calamari Spots

Calamari are best fished to the north western edge of the pier. The first 1/3rd of the pier being best, adjacent to some great sea grass zones.

FLATHEAD

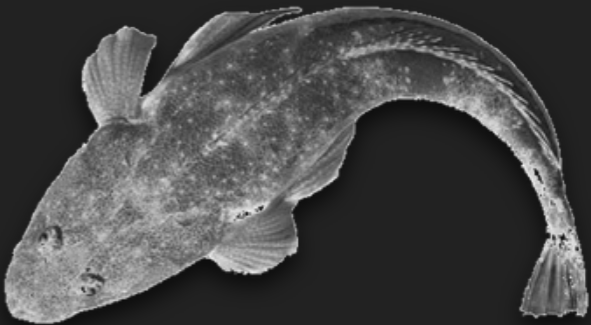

Legend

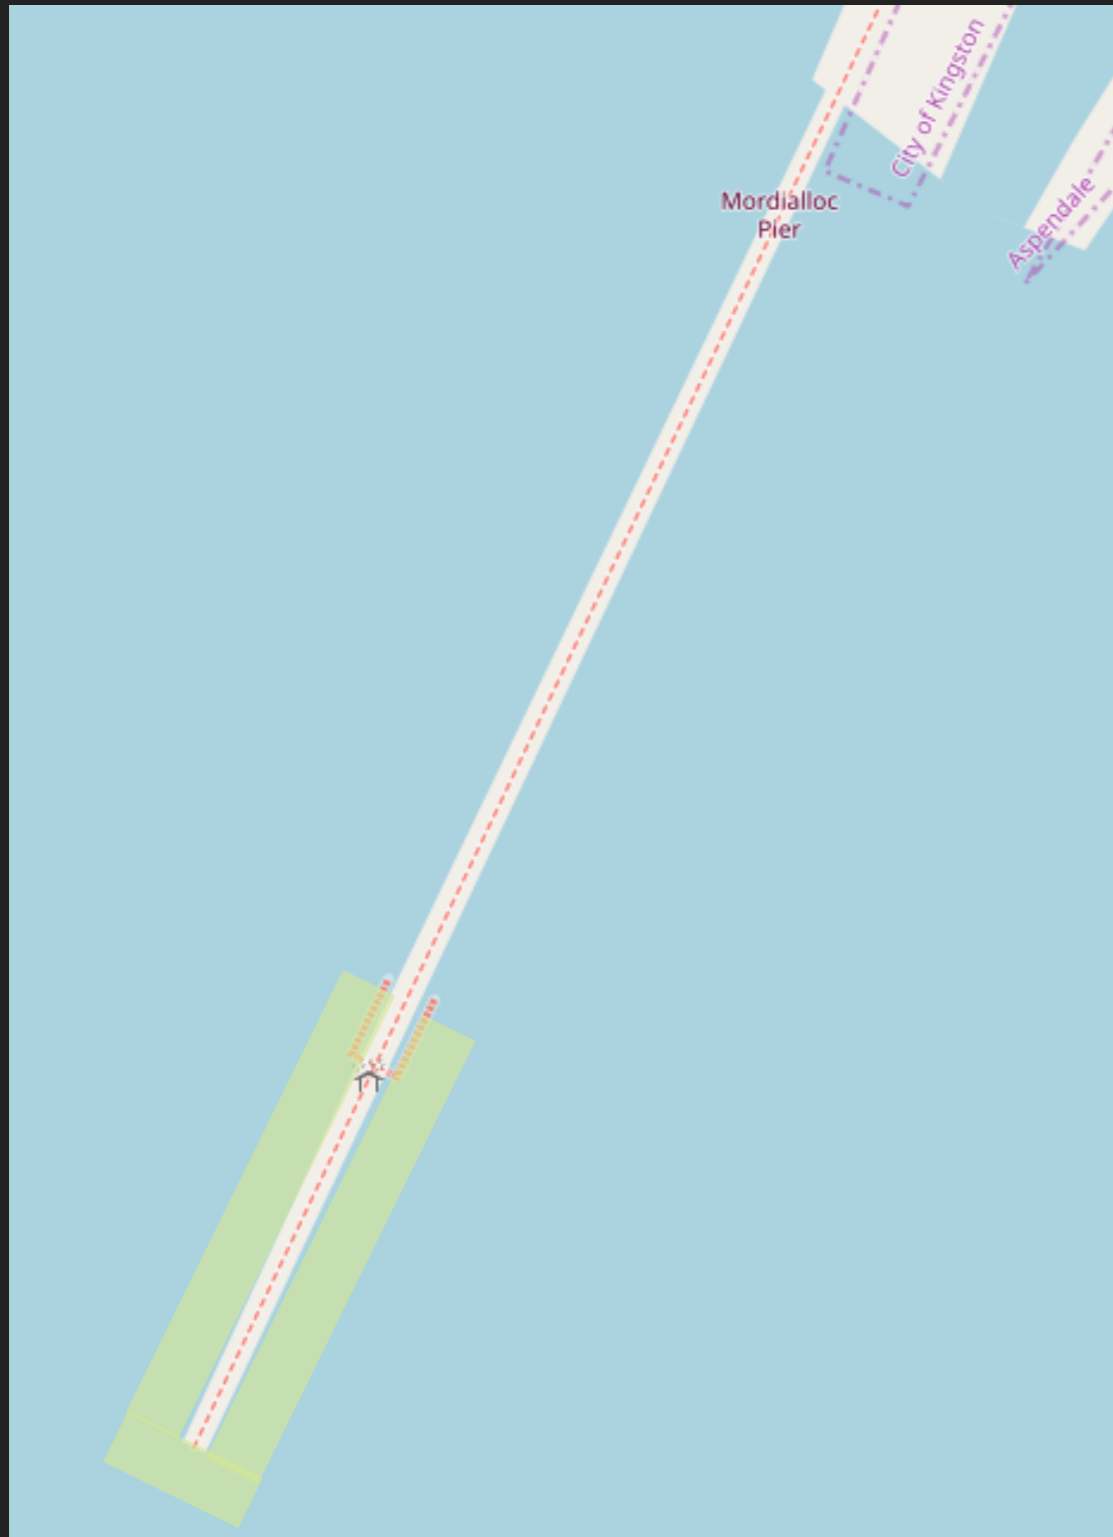

Optimal Flathead Spots

Flathead can pretty much be targeted the whole length of the pier. But some bigger specimens are caught off the last third of the pier.

PINKY SNAPPER & SNAPPER

Legend

Optimal Snapper Spots

Pinkies & Snapper are more common fishing the last third of the pier.

During and after a big blow can produce some sizeable adult snapper. However, care should be taken fishing extreme conditions on this pier. People have lost their lives.
